

Tax Free Shopping in Estonia

Look for stores displaying Global Blue Tax Free Shopping signage in the window.

When paying for your purchases ask the shop staff for a Tax Free Form.

Tax Free Forms are available in two versions, one blue and one white. Fill in all the required fields in block letters, using the Latin alphabet. For further information please feel free to ask from our Service located in Kreutzwaldi 56d, Tartu.

Remember: Incomplete Tax Free Form = No refund

At the airport, at the border, on the ferry or the cruise-ship please allow enough time for the refund process.

Before you check in for your flight, go to the Customs desk and present your completed Tax Free Form, passport, shop receipts and purchases to get a stamp on your Form.

Make sure the goods are unused. Don't pack them away in your check-in luggage as you will need to show them to the Customs Officer.

Remember: No Customs Stamp = No Refund

Go to a Refund counter displaying the Global Blue logo.

Present your stamped and completed Tax Free Forms to receive the refund in cash or to a credit card.

In a rush? Mail your stamped completed Tax Free Forms to the address of the Processing Centre and receive your refund on your credit card.

NB: The refund you receive is the VAT minus Global Blue's handling fee.
